

Gosford RSL Max Potential Testimonial

This program offers the young leaders from our high schools the chance to develop their leadership abilities, to maximize that potential within them to contribute to not only their school but to the community. It has been an outstanding success.

A success in no small way due to the commitment of Gosford RSL Club.

The Club's directors, management and staff are to be congratulated for their support and vision with this program.

Ten years of shaping the community's leaders of the future.

Well done, and continued success for many years to come.

Chris Holstein

Former Mayor Gosford City and MLA NSW Parliament
